

Practical Lab Exercises

Lab- Productive Web Programming

Web Programming (F28WP)

Introduction

In this lab, you'll further develop your understanding of web programming concepts

1.1 GitHub Websites

This lab you'll continue to expand your experience with GitHub. GitHub allows you to host a repository as a webpage (e.g., f28wp.github.io).

Work through the exercise tutorial on GitHub for setting up a webpage on GitHub:

<https://pages.github.com/>
